

The Council of the City of Parksville hereby gives notice, in accordance with Section 59 of the *Community Charter Act of BC*, of an opportunity for citizens and businesses to make representation to Council with respect to the proposed "Business Licence Bylaw, 2018, No. 1550" and "City of Parksville Inter-Community Business Licence Amendment Bylaw, 2018, No. 1499.1".

The purpose of the business licence bylaw is to update the City's existing business licence bylaw and include provisions for recreational cannabis trade.

The purpose of the inter-community business licence (ICBL) amendment is to expand the current central Vancouver-Island wide ICBL to include 12 additional municipalities in the Capital Regional District region. In addition, it is proposed the licence fee for the amended ICBL be increased slightly from \$150 to \$170 and there is a new allowance for fees to be pro-rated in accordance with the City's municipal business licence practices. This amendment would also add "cannabis related business" under Excluded Businesses in Schedule A.

Representations may be in writing, via email or as a delegation before Council at the open Council meeting to be held on Monday, January 21, 2019, at 6 pm in the Forum at Parksville Civic and Technology Center, 100 Jensen Avenue East, Parksville, BC.

Persons wishing to make representation in writing must have their submission received at the City of Parksville's Administration Department, 100 Jensen Avenue East, by noon on Monday, January 21, 2019. Persons wishing to appear as a delegation before Council must submit their application by noon on Wednesday, January 16, 2019.

Copies of the proposed bylaws may be viewed on the City's website [*Quicklinks - Newsroom / Public Notices*] or in person at the City of Parksville's Administration Department, 100 Jensen Avenue East, during regular office hours (8 am to 4 pm) weekdays, excluding statutory holidays. For further information please contact the Administration Department at 250 954-3070.
