

## Temporary Road Closure in Parksville Community Park on July 29

On Friday, July 29 between 8.30 am and 10.30 am, there will be a closure of Sandcastle Drive and the waterfront walkway in the Parksville Community Park. This is required for the safety of the public and for the City to work with the Regional District of Nanaimo to move a large piece of equipment from the foot of Bay Avenue and along the Parksville Bay beach.

Vehicle and pedestrian traffic will be controlled by flag persons to ensure movement of the equipment and safety of all involved.
