

Four Star Waterworks Recognized at Parksville Council Meeting

At last evening's City of Parksville Council meeting, a presentation was made to Leon Cake, owner of Four Star Waterworks recognizing the generous in-kind contributions made to the Parksville Volunteer Fire Department.

Located at 587 Alberni Highway in Parksville, Four Star Waterworks provided a donation of underground service materials which included pipe, fittings and fire hydrants for the newly renovated fire hall and also for the development of the Parksville Fire Department's training ground. These significant donations, the in-kind equivalent of thousands of dollars, reduced project costs and have had a positive impact on the delivery of emergency services and training provided by the Parksville Fire Department.

The presentation on behalf of the citizens of Parksville and the Parksville Volunteer Fire Department recognizing Mr Cake was made by Acting Mayor Sue Powell and Deputy Chief Marc Norris.
