

FALL WOOD CHIPPING PROGRAM

The City of Parkville's wood chipping program will take place this fall from October 10 through October 25, between the hours of 8 am and 4 pm weekdays. A schedule for pickup is printed below.

Only the following items are to be placed on the boulevard before 8 am, prior to the first date the chipper truck will be in your neighbourhood:

- Branches with a maximum diameter of 6 inches (15 cm), stacked with the larger end of the branch or trunk facing the roadway.
- Woody shrub material, piled for ease of access by the chipping crew.

Rocks, stumps and construction waste may cause injury to the chipper operators and must NOT be included in the piles. Please note that due to safety issues, materials such as pampas grass and clematis and wisteria vines cannot be chipped. These, along with other compostable vegetation, garden debris, leaves, and grass clippings may be taken to the Church Road Transfer Station. Piles containing these items will not be removed by the chipping crew.

Piles must be limited to a size of 5 feet wide by 3 feet high, and only one pile per residence will be removed by the chipping crew. Please do not combine piles from multiple households as it is more difficult and time consuming for the chipping crew to take apart large piles for chipping than it is for them to handle smaller piles.

When placing your chipping pile, please be sure not to obstruct your property's City water connection box in the event access is required for maintenance.

TO FIND OUT WHAT DAYS YOUR AREA WILL BE DONE,
LOCATE YOUR STREET NAME ON THE FOLLOWING STREET NAME LIST AND
THEN CORRESPOND IT, BY COLOUR, WITH THE SCHEDULE BELOW.
