

## April 27 is Daffodil Day in Parksville

Parksville, BC — Mayor Chris Burger has proclaimed April 27 as Daffodil Day in the City of Parksville.

The Canadian Cancer Society is encouraging everyone to fight back in April by wearing the daffodil pin, a symbol of hope and support for those living with cancer.

Another Canadian is diagnosed with cancer every three minutes; the Society wants them to know that across the country, Canadians are united in the fight to eradicate cancer and committed to improving the quality of life for all those affected by the disease.

Donations from the pins and daffodils being sold in April will benefit the Cancer Society, which is marking its 75<sup>th</sup> anniversary of supporting people living with cancer and funding research to improve cancer prevention, treatment and diagnostic techniques. The Canadian Cancer Society delivers caring, practical and personal support to people with cancer through the toll free Cancer Information Service; Cancer Connection one to one telephone peer support; Camp Goodtimes for children, youth and families; safe and supportive accommodation for patients during treatment; and safe reliable transportation to treatment through the Volunteer Driver and Freemasons Cancer Car Program.
