

City to deliver *Parksville eNews* to inboxes

Starting in September, the City will begin regular distribution of an e-newsletter, blasts of the latest news delivered directly to email inboxes. *Parksville e-News* will complement our *It's Your City* news page published in the PQB News on the second Tuesday of each month.

This email newsletter will feature news and updates, information about City services, key projects, important seasonal reminders and perhaps a few interesting facts about Parksville. An archive of these newsletters will also be provided online. *Parksville eNews* will be produced by the City's communications department and sent out using a third party service known as Constant Contact.

If members of the community would like to have this e-newsletter sent to their email address on a regular basis, please subscribe by one of the following means:
