

Global News Hour coming to Parksville

The Global BC News Hour team of Chris Gailus, Squire Barnes and Kristi Gordon will host the News Hour from Parksville on Wednesday, September 25. They will broadcast from the waterfront gazebo in the Community Park.

The crew will set up during the day and then broadcast segments for *BC 1* and the *Early News* prior to the 6 pm news broadcast. Everyone is invited to come to the park, meet the Global BC crew, watch the broadcast and join in the celebration.

“This is such a great opportunity for the City of Parksville, an opportunity to showcase locally-focused stories and issues important to our community,” said Mayor Chris Burger. “We look forward to meeting the Global BC News Hour team.”

Global BC will broadcast from five communities on Vancouver Island during the week of September 23 including port Hardy, Comox, Duncan and Tofino as well.

As well, Global BC will provide a chance for a local child to be in a live weather appearance with Kristi Gordon. Information on how to enter from this link:
