

## Parksville Volunteers – A Gift to the Community

**PARKSVILLE, BC:** At this week’s Council meeting on April 8, Parksville Council will proclaim April 12 to April 18 as Volunteer Week in the City of Parksville. The City of Parksville wishes to recognize volunteers and community organizations for their outstanding contribution to our City and also acknowledge volunteers are an important partner with government in providing services to citizens.

During this week, communities all across Canada celebrate National Volunteer Week intended to thank and celebrate those people who make a tremendous contribution by volunteering in our community. Volunteers donate their time and good old fashioned elbow grease to programs which rely on inspiration and who donate their time to help others by supporting the cause in which they believe. Volunteers are those in our community who see a need and willingly work to overcome that need or hear of an opportunity to share their skills.

Mayor Marc Lefebvre said, “Volunteers contribute significantly to the well-being of our community and without their dedication, it would be difficult to sustain many of the services we enjoy. National Volunteer Week heightens public awareness of the vital contribution volunteers make to Parksville and we hope you will consider thanking some of this community’s many volunteers, to acknowledge their work and the richness they bring to our community.”
