

Banks Avenue and Forsyth Avenue – Improvement Projects

The City of Parksville wishes to advise residents and in particular, residents of Banks Avenue West and Forsyth Avenue between Finholm Street and Acacia Street that the Engineering Department has completed the tender evaluations for the Banks Avenue and Forsyth Avenue capital project.

The City's evaluation determined the tenders received were not within the approved project budget and it has been concluded the City is not in a position to award a contract for construction at this time. Given the results, the project is now currently under evaluation and we expect to reissue the tender sometime in the near future. The City apologizes for any inconvenience this delay may cause.

Questions or concerns should be directed to:
