

Opening for Members on Advisory Planning Commission

The term of office for several members of the Advisory Planning Commission recently ended and the City now has openings for new members.

At this time, the City will consider applications for new members for a two-year term (2016-2017). The function of the seven member APC is to advise Council on matters respecting land use and community planning referred to the Commission by Council or staff. Applicants with experience in land use planning, architectural design or related fields would be an asset, although this is not a prerequisite. Commission members are appointed pursuant to Section 898 of the *Local Government Act* and serve without remuneration.

Applications to serve on the APC will be accepted until March 11 and will then be referred to Council for consideration. Applications should be submitted to Blaine Russell, Director of Community Planning:
