

Partial Closure of Community Park Playground

Portions of the Lions Ventureland Playground in the Community Park will be closed over the next few months to allow for the installation of new equipment and for maintenance as well accessibility upgrades.

The old zipline which was removed earlier this year, will be replaced with an exciting new two-bay ZipKrooz designed with an accessible seat on one of the bays. <https://www.youtube.com/watch?v=1yzSXxAvG4Y> The ZipKrooz will bring new adventure to the playground for kids, ages 5 to 12.

Because the concrete curbing in the area of the swings has deteriorated, staff will also install a sidewalk around the back perimeter of the playground from the wheelchair swing to the new ZipKrooz in preparation for the rubber surfacing which will be installed later this year. This week, the swings will close for a few weeks to allow for the pouring of the new concrete sidewalk. It is possible this closure may be extended should the project not proceed until October.
