

Parksville Volunteers Lift Our Community

Mayor Ed Mayne has proclaimed April 7 to April 13 as Volunteer Week in the City of Parksville. The theme for National Volunteer Week in 2019 is *The Volunteer Factor – Lifting Communities* which celebrates and recognizes the impact of volunteers and how they lift our communities.

National Volunteer Week is an opportunity for the City to recognize the contributions of Parksville volunteers in our community. We thank our volunteers and community organizations for their outstanding contribution to our City and also acknowledge volunteers as an important partner with government in providing services to citizens.

Mayor Ed Mayne said, “Volunteers donate their time and good old fashioned elbow grease to our community programs which rely on volunteers to donate their time to help others every single day. We thank and celebrate those people who make a tremendous contribution by volunteering in our community.”

Volunteering is often seen as a selfless act; a person gives their time, skills, experience and passion to help others, without expecting anything in return. And while volunteering is a form of service, many volunteers will say, “You get more than you give”. From opportunities to develop new skills, to finding deep and meaningful personal connections, the magic of volunteering creates social and economic value for all, for individuals, families, organizations, neighbourhoods, communities and ultimately, for Canada itself. It’s the Volunteer Factor!
