

## March 30 City Budget Meeting Postponed

The City of Parksville budget deliberation meeting scheduled for Monday, March 30 has been postponed. At this time, the April 8 meeting is expected to be held as planned.

The provincial government announced yesterday the BC COVID-19 Action Plan, which we expect will affect the City's budget planning as well as tax deadlines for our residents and until we have further information, it is best to postpone the March 30 meeting. We will communicate further with our residents once we have details from the province.

We wish to remind residents all Council meetings are closed to attendance by the public. Meetings will be webstreamed, either live or archived from the City's website.
