

## New Picnic Shelter for Foster Park

Work on the installation of a new picnic shelter in Foster Park will begin April 16. The shelter will be installed over the existing picnic tables north of the playground with work expected to be complete by mid-June.

The area where crews will be working will be closed to the public; however, the open spaces of the park will not be affected. As well, please expect occasional closures of the entrance to the park on Sanderson Road during this work. Reminder to park users that due to the COVID-19 situation, the playground is closed until further notice.
