

Hello,

Our team is excited to announce several public engagement events for the Memorial Avenue Streetscape and Utility Upgrades Project. The dates have been set and we would like to invite you to participate!

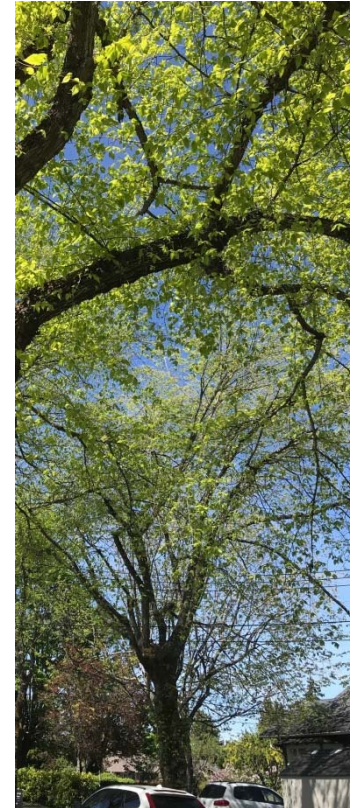

Come meet the project team and share your ideas at any (or all!) of the following events:

- **Market Pop-Up Booth**
June 11 - Summer by the Sea Street Market
Meet the project team and learn more about what we have planned
- **Memories on Memorial Walkshop***
June 22 - McMillan Arts Centre
Discussions about the community's values, vision and preferences for Memorial Avenue
- **Community Design Workshop***
July 10 - Parksville Community Centre
Explore project opportunities and constraints, refine design ideas, and develop streetscape design options

*Registration required at MemorialAve.ca

We have created a poster with the event information, as well as some take-home postcards to help spread the word. If you have room for a poster or would like to have some postcards to give away, please let us know.

We have also launched a project website! MemorialAve.ca is now live and will provide up-to-date project information throughout the project's life. The website will host future online surveys to gather input from anyone who can't attend the events we have planned in person. We are also happy to receive input, comments, or questions anytime to MemorialAve@Parksville.ca.

Thank you for your interest in this project. We look forward to hearing about the community's vision for Memorial Avenue and will continue to update you as we proceed through each phase of this project.

Thanks,

Michael Lonsdale, ASCT, LEED GA
Engineering Technologist III
