

## Parksville's Transportation Master Plan - Phase 3 Survey

The third and final round of community engagement for the City's transportation master plan project is underway and once again, we are looking for your feedback. This time, to determine if we are on the right track. The Phase 3 online survey may be accessed from [Let's Talk Parksville](#) and the [City's website](#) until November 3. Comments provided in this survey will help us to better understand your priorities. We appreciate your input once again!

If you were not able to attend the open house on October 1, the information presented at the open house is available on [Let's Talk Parksville](#). The insights and feedback from the previous two engagement phases were used to generate recommendations for improvements to the transportation network which also includes costing and implementation-planning which will be incorporated in the final transportation master plan document.

The City of Parksville began developing a transportation master plan in 2023, completing two phases of community engagement (November 2023 and April 2024). This plan will serve as a guiding strategic document to address current and future needs for all modes (auto, pedestrian, transit, cycling, and micro-mobility) along with emergency services and goods movement to support the objectives of the City's Official Community Plan. The goal is to provide a safe, efficient and accessible transportation network to support a high quality of life for residents and efficient mobility for all.

Our thanks to everyone who participated in the first two phases of community engagement for Parksville's transportation master plan project. During Phase 2, more than 800 people shared their transportation experiences and ideas. The results of Phase 1 and 2 may be reviewed on [Let's Talk Parksville](#).

There are two ways to complete this survey - online and paper version.

- Complete the [survey online](#).
- Print the survey or obtain a paper copy from the City of Parksville (100 Jensen Avenue East). Please return your completed survey to the City of Parksville by November 3.
