

Public Comments Prior to June 19 Public Hearing

Included in the June 18, 2018, agenda for the regular Council meeting is a list of public comments submitted to the City about the supportive housing project proposed for 222 Corfield Street South.

Prior to Council direction to prepare an amendment bylaw for the proposed use, several events occurred including an open house hosted by BC Housing and Island Crisis Care Society and delegations from the proponents to Council. Comments have been submitted to these parties including the City. As well, comments have been sent to individual councillors, to the Council email, to staff members and to BC Housing and Island Crisis Care Society.

The City published the list of comments received formally through emails [info@parksville.ca, council@parksville.ca and mayor@parksville.ca] and written comments hand delivered to City Hall. Given the number of parties and groups receiving comments in advance of the formal statutory process, staff has requested those who have submitted comments to ensure their correspondence has been formally received in advance of the public hearing. Verbal comments made outside of the formal public hearing are not recorded and do not form part of the public record. Every effort has been made to ensure comments received prior to the introduction of the amendment bylaw have been provided to Council.

Anyone who has submitted written comments is encouraged to review the list included with the June 18 Council agenda to ensure their submission is represented and if not, please resubmit the comment to administration@parksville.ca prior to 4 pm on June 19, 2018.

Please note, information provided by the City will contain the City's logo and a staff contact person. The yellow card currently being distributed did not come from the City of Parksville and the information on the card is not factual.
