

Alberni Highway Traffic Light and Sidewalk Maintenance

On Friday, October 30, City of Parksville contractors will be completing traffic signal maintenance at Jensen Avenue and the Alberni Highway. Crews are expected to begin between 8:30 – 9 am with work taking roughly four to six hours.

Work for the Alberni Sidewalk Project will also be happening at the same time to create as little disruption as possible. Full traffic control measures will be in place at that intersection throughout the duration of the project.

For more information on the Alberni Sidewalk Project, visit [Alberni Sidewalk Project on Let's Talk Parksville](#).
