| 1 | Try to have more of the .pdf files created from electronic documents directly rather than through scanning (and getting .pdfs which can't be searched efficiently). | Jan 15, 2012 11:11 PM |
| 2 | A more comprehensive video of the Parksville area. One that could be forwarded to friends to encourage tourism | Jan 15, 2012 2:49 AM |
| 3 | Map of public beach access within City of Parksville | Jan 14, 2012 9:02 AM |
| 4 | Interactive maps for iMac. | Jan 11, 2012 1:39 PM |
| 5 | Please maintain and up date the Map and all the technical information there-on. I understand the map has not been updated for two years. | Jan 11, 2012 10:33 AM |
| 6 | more information re: city projects status updates etc. | Jan 10, 2012 6:43 PM |
| 7 | It is pretty good the times I have gone to look for things. | Jan 10, 2012 2:36 PM |
| 8 | Giving new business either across the country, B.C. or even international a deal. You purchase, or build a business here, and we will give you a deal of century on your taxes for 10 years. It has worked in many other cities and I remember when my family owned a business in Ontario, we had offers from all around the country, and into the U.S. to bring our business to their town, for a reduced price on taxes, think outside of the box. | Jan 10, 2012 1:28 PM |
| 9 | a link to RDN Recreation and Parks - couldn't see how people learn about the recreation services offered. | Jan 10, 2012 1:11 PM |
| 10 | Navigation is still very difficult, The by-laws are difficult to research since you have to know the name of the by-law to look for it under the alphabetical listing or you have to guess at a key word. It might be better if the by-laws were grouped by topic first (planning, animal control, etc) and then by name alphabetically. | Jan 2, 2012 6:19 PM |
| 11 | Very good. | Dec 29, 2011 5:01 PM |
| 12 | Perhaps a business directory, or link to. Also link to services that are available in the City e.g. a link to the CareerCentre, for example. A welcome to new residents, listing out highlights of the city, where to find things, and so forth should also be added, as you have a welcome to new businesses link. Finally, links for Young Families, new Retirees, and perhaps Teens/Youth would also be a good way to promote programs/facilities/events held for each demographic. | Dec 24, 2011 2:05 PM |
| 13 | Do not like the new format for the building permit applications. No addresses given for intended building...just some hidden (under a number) company name. Developers can change their names on a whim...how are the residents to know which piece of land is being discussed? | Dec 13, 2011 12:59 AM |
| 14 | I would like to see all correspondence sent to the city on the website with, of course, the privacy of the sender protected unless the writer indicates they prefer it to be revealed. | Dec 6, 2011 12:41 PM |
| 15 | love the new search engine for minutes and bylaws | Nov 30, 2011 5:51 PM |

| 16 | REcent changes to the website make it difficult of find informaiton. The Filepro system is harder to find things with than the old website. i.e. OCP | Nov 30, 2011 2:47 PM |
| 17 | I would like to feel I have a direct impact on what happens here. For example, I would like to be able to make a suggestion like the sandwich board issue online, then see what others think of it, then read what if anything the city or council intends to do about it, then see the schedule and plan of action and lastly see a comparison to what actually was done. Why is this so radical? Any decent sized company tries to involve its employees so why not involve our citizens in a similar fashion. | Nov 26, 2011 9:27 PM |
| 18 | From what I have seen on the Website it is quite informative and helpful. | Nov 26, 2011 4:38 PM |
| 19 | Its pretty good actually. | Nov 26, 2011 4:13 PM |
| 20 | I would like dto see a mechanism set and developed for on line voting of councillors and referendi. | Nov 26, 2011 12:14 PM |
| 21 | Although the bus service is operated by RDN, a map of all of the bus stops around Parksville could prove helpful. I just cannot figure out where they all are from the brochure provided by RDN. | Nov 26, 2011 11:02 AM |
| 22 | Clearly stated actions/progress underway to achieve the key goals of the City. | Nov 26, 2011 9:11 AM |
| 23 | The website is quite well done. Need a way for a person to leave comments/suggestions and know that they will be looked at seriously and also need the capability for interaction with other residents. | Nov 26, 2011 8:20 AM |
| 24 | More bylaws | Nov 25, 2011 9:12 PM |
| 25 | Better clarification of bylaws and who to contact about each one. | Nov 25, 2011 1:16 PM |
| 26 | access to reports filed but not made public IE: Development proposal Process Review. In particular the report recommendations. Our money spent , our need to KNOW!??? | Nov 24, 2011 11:14 AM |
| 27 | Put the building permits back | Nov 24, 2011 7:33 AM |
| 28 | Provide an interactive forum where residents can respond to Council activities and give their ideas and suggestions. Provide a summary of Council meetings since the News is not informative. | Nov 24, 2011 12:37 AM |

| 1 | The city does a great job in promoting tourism in the summer. I think there is room for improvement for the Christmas season. | Jan 16, 2012 8:05 AM |
| 2 | We are glad to see the survey as it lets residents clearly express their opinions and concerns. | Jan 15, 2012 2:49 AM |
| 3 | Communicate - secrecy breeds suspicion and mistrust - resulting in dishonesty by all concerned. | Jan 11, 2012 1:39 PM |
| 4 | Name: [REDACTED] Parksville, BC
[REDACTED] I do not live in the City of Parksville but we live adjacent to the city and own property within the city. If that disqualifies me from answering the survey then please delete my responses. Thank-you. | Jan 10, 2012 2:48 PM |
| 5 | The recent comments from some individuals regarding the Surfside Park is irresponsible, however perhaps the underlying issue is really whether Surfside's rip-rap waterfront boulders are indeed on Surfside property or Parksville's or Federal/Provincial upper tidal zone. Is there a possibility to have dialogue with Surfside to remove the fence at the Hovercraft site and extend the park walkway along Surfside's waterfront path which could link up with the new trail connector to Rath Trevor? Compromise and negotiations would be more beneficial than veiled threats. In many waterfront communities in the world the commercial owners must allow pedestrian access to all frontage areas and in fact by doing so enhance the community involvement in their business. | Jan 4, 2012 12:34 AM |
| 6 | Think this survey is a waste of time...how many residents outside of Parksville can fill it in...they have no stake in the city. Fear the development crowd could have it stacked without the monitors knowing anything about it. | Dec 13, 2011 12:59 AM |
| 7 | Transit should be reassessed. We have a local bus #88 passing our home. It rarely has anyone on it and it is always a large bus. Vehicle could be much smaller for the volume of passengers. | Dec 12, 2011 9:57 AM |
| 8 | Hopefully the stairs at the end of Sunray will be put in soon. | Dec 11, 2011 1:47 PM |
| 9 | Please do everything you can to create the Rath Trevor Greenway, even if it has to be built without blacktop | Dec 10, 2011 1:38 PM |
| 10 | Better shopping is needed in Parksville. Keep out BC Hydro's smart meters. | Dec 5, 2011 8:12 AM |
| 11 | Just prove to me that I have not wasted half an hour here please. | Nov 26, 2011 9:27 PM |
| 12 | I appreciate the chance to express my views. Best wishes to the new Council. | Nov 26, 2011 4:38 PM |
| 13 | Ask yourselves, why is the vast majority of housing development right now happening behind Wembly Mall and beside Oceanside Middle School? Because its just outside the City limits. Nuff said... | Nov 26, 2011 4:13 PM |
| 14 | Thanks for getting this out. Maybe the local radio station and tv could let people know that this is happening. Thanks Charna for letting me know. | Nov 26, 2011 12:14 PM |
| 15 | Increase development fees to reflect real costs. it may slow down development | Nov 26, 2011 11:34 AM |

to a manageable level, therefore population--parking-water etc.

| 16 | This survey isn't much different from previous survey in 2010. Why are you redoing this? Is this survey going to be used by the new consultant for the OCP review? Does the City of a Sustainability Plan or anticipate putting together a sustainability plan? Does the City have a definition of sustainability? How does the City integrate sustainability into their policies and planning? | Nov 26, 2011 11:27 AM |
| 17 | More surveys would help Resident interaction. | Nov 26, 2011 9:11 AM |
| 18 | I hope all the comments will be posted as such in the survey. I sure think that some of the questions were very leading. How can the City tell where the survey is coming from unless you have a way of checking? And if you do not....what is the value? | Nov 26, 2011 8:20 AM |
| 19 | Do more for the Bare Land Strata developments. We pay the same taxes as regular single family homes, yet we do not receive a fraction of the services. Why? | Nov 24, 2011 6:39 PM |
| 20 | your compilation results should be publicized for digestion as to what council elects to do on certain issues..... how about telling us council's priorities and how those file are being fleshed out...? | Nov 24, 2011 11:14 AM |
| 21 | Council should actively encourage doctors to move here. Work with VIHA to have the after hours clinic open during the day and on weekends pending the opening of the new health unit. | Nov 24, 2011 12:37 AM |
